

# SpeechCare ADVANTAGE™

your road map to communication success

*A better way to purchase speech therapy  
from Sertoma Speech & Hearing Centers*

## **You Save Money**

Concerned about your child's speech development or a loved one's communications challenges living with Parkinson's or following a stroke?

Now you can save over 20% by purchasing clinical visits in multiples of five with the SpeechCare Advantage, the smart way to invest in professional speech-language therapy.

You will receive the same one-on-one care from your personal speech-language pathologist, but now with an economic incentive.

SpeechCare Advantage applies to all the therapies we offer. For example, for parents considering our summer Bridge Program for their child, SpeechCare

Advantage is a perfect way to save money and continue the development of their child's speech-language skills.

## **Terms and Conditions**

Unless bundled in a special promotion by Sertoma Speech & Hearing Centers, SpeechCare Advantage may not be combined with other offers or insurance benefits.

If you have any questions about our professional services, hours of operation, or about SpeechCare Advantage, please consult your speech-language pathologist or Patient Services Representative.
